“ I worked with Nick for several years. I didn't get to spend as much time with him as I would have liked, but I always enjoyed when we got to hang out together. When we met at lunches or company events, we always had good things to talk about. I remember distinctly how excited he was about his kids. I have often missed getting to interact with Nick, and now I'm even more sad that I didn't make an effort to reach out. I will remember him fondly.
